On motion, "An Ordinance of the City of Glendale calling a special election to be held in the City of Glendale on the 11th day of January, 1916, and submitting to the qualified voters of the said city the propositions of incurring indebtedness for the acquisition and construction of certain municipal improvements, providing for the issuance of bonds therefor, subdividing the city into election precincts, designating the polling places and appointing election officers for said election," upon motion of Trustee Thompson was ordered read, and upon being read, the ordinance on motion of Trustee Grist declared read for the first time and ordered to be taken up for the second reading. The report of the tax collector for week ending December 11 was read and ordered to be filed.

A petition was presented to the Board bearing the signatures of Adeline S. Wing, Ella F. Meeker, Mary E. Griswold and Jacob H. Flower, expressing their preference as property owners along the proposed extension of Eighth street East of Adams to Verdugo Road, for a street sixty feet in width, accompanied by a map of the same. Upon motion, the petition was read and ordered to be filed.

A number of persons interested in the establishment of a laundry by Wah Lee in Mrs. Carroll's building on Brand boulevard were present and presented a petition signed by The Glendale Paint and Paper company and twenty-one others, stating that they have no objection to the renting of the property for that purpose and favored the granting of a permit for the same.

The chairman of the Board stated that Messrs. Flower, Parker and McElroy, property owners in the block within which it is proposed to establish the laundry, had protested to him against granting the requested permit, and had requested further that in the event of the board being in doubt as to its action, the matter be deferred for one week. Mr. S. P. Stoddard, representing Mrs. Carroll, made a statement in regard to the matter and requested that it be settled without further delay. Upon motion of Trustee Tower, seconded by Trustee Williams, the permit was denied.

A petition was presented, signed by about forty citizens, calling the attention of the board of trustees to the unprotected condition of Verdugo Wash on either side of Louise street, and requesting that such proceedings be taken as will relieve the undersigned property owners from the danger of the stream's overflow.

On motion of Trustee Williams, the petition was referred to the City Manager and City Engineer to attend to the matter at once.

Mr. W. M. Ross addressed the Board, presenting the matter of the municipal support of the Glendale band, adding to the program of the concerts for the ensuing year and stating that to carry out the same, the sum of Four Hundred Dollars or more will be required.

On motion the matter was referred to the Committee of the Whole.

BANK OF GLENDALE

GLENDALE AVENUE INSTITUTION TO ESTABLISH NEW BRANCH ON BRAND BLVD.

Nothing affords more positive proof that Glendale is making a steady gain in population and business than the recent decision of the Bank of Glendale to establish a branch bank on Brand boulevard. The Bank of Glendale was established in 1905 and has grown daily with the growth of the city. It has created for itself a reputation for careful and conservative banking methods, which are at the same time up-to-date and far-seeing. It has a large clientele all over the city and has found recently that its customers in the district south, west and north of Broadway and Brand boulevard have been increasing in number.

"In order to take care of our increasing clientele," said Mr. F. H. Vesper, president of the Bank of Glendale, "we find it necessary to establish a branch bank on Brand boulevard. We have made arrangements to occupy temporarily the building at 340 Brand boulevard, recently vacated by the Glendale Savings Bank. For some time the officials of this bank have been working on this move. It has taken us 60 days to get the necessary permission and to comply with all the official forms necessary in such cases. It will take some time to get everything in order for the change. A lease has been obtained on the building in which the new branch will be established and it can be opened any time after Jan. 1. We hope to have the new arrangement working in good order before March 1.

"This branch naturally will be under the same management as the parent institution. The directors are C. M. Walton, A. W. Beach, Thomas F. Cook, D. H. Smith, Frank Campbell, Herman Nelson and F. H. Vesper.

"The management is now arranging to increase the capital stock of the bank to $75,000 with a surplus of $7500, which will make the total capital of $82,500. This increased capitalization will enable us to take care of more business and business of a more extended nature.

"This is the second time the Bank of Glendale has found it necessary to increase its capital. The bank began with a capital of $25,000. It was not long before the deposits grew to a point which warranted an increase of capital $82,500. This increased again that an increase of capital and a branch establishment are necessary to take care of the growing business and needs of the community. The new branch is being established both for the benefit of the commercial and savings departments.

"Business is undoubtedly improving, although the improvement is slow and not so marked as one would like to see it. Still there is an improvement and Glendale seems to have been fortunate enough to participate in the very first benefits of this coming wave of better times. The city is growing steadily and we ourselves were astonished when we came to an examination of our clientele to find that we had so many customers in the west and northwest sections of the city which we intend to serve through the medium of our new branch on Brand boulevard. I believe that by the time that branch is in full operation there will be a further improvement in business conditions."

TO MANAGE SANITARIUM

Glendale Sanitarium has a new manager. This excellent local institution has been extending its reputation year by year. It now receives patients and visitors from every part of the eastern states, in fact, from all over the country. The increasing business of the sanitarium has demanded for some time reorganization and business systematization. In order to effect this a new manager has been appointed in the person of Mr. C. E. Kimlin, formerly in the real estate business at 612 Broadway.

Mr. Kimlin has just taken over the management of the business administration of the institution and is working out the details of reorganization. He thinks the outlook highly favorable and anticipates a very successful season and an increasingly successful future for the sanitarium.

POUR OUT LIQUOR

CHIEF OF POLICE AND ASSISTANTS EMPTY CONFISCATED ALCOHOL INTO GUTTER

This deed was not done in the dark, nor behind walls; nor in a back court of any kind; but in the broad sunlight and in the open street, the juice of the grape and the life blood of the rye, barley or whatever other material may have been employed as a base for the whiskey confiscated by the police of Glendale, and the contents of beer bottles of various brands, were poured out and allowed to run down into the common sewer.

Chief Herald, accompanied by Patrolmen Hollenbeck, Arrington and Lawrence, and also by a representative of The Glendale Evening News, Tuesday evening took out from the cellar of the fire house, where it has been stored for some time, all the liquor that had been confiscated during the past year. There have been several rich hauls during that period and the liquor thus acquired had been allowed to accumulate until there was no more room in the cellar. The close approach of the end of the year also determined Chief Herald to make an end of the accumulation of the different decoctions and concoctions that usually masquerade under the name of "whiskey."

Quite an interested crowd witnessed the destruction of the enemy that steals away men's brains. To judge from the different comments that arose from the crowd there was not much to boast of in the way of what would be considered "good" liquor. It was astonishing, however, to notice how many connoisseurs of liquor were to be found in what is usually considered a "temperance" town. It would not have been supposed that so many experts could have been obtained at a moment's notice to pass upon the quality of the liquor that was allowed to run sadly away into the gaping aperture of the street sewer.

It is credibly stated that as the first gallon jug of whiskey was emptied out into the street a heartrending groan was heard. This, however, is mere calumny, as the sound that was mistaken for a groan was merely that of the air escaping from the demijohn.

Among the spoils of the past year was a barrel of beer that was confiscated while on its way to a local center, several bottles of beer, about 15 gallons of whiskey, and several bottles of wine. These had been taken as the result of the arrests of different parties at different times. As the whiskey and other liquors were poured out in the street the odor that arose was of a penetrating, pungent nature that made itself felt disagreeably over a considerable area.

It was manifest that the quality of the stuff that had been taken was of the poorest and that it had really been a kindness on the part of the police to the misguided parties who were arrested in accordance with the city ordinance, their liquor confiscated and themselves fined, to have deprived them of it.

"It is a good thing," said Chief Herald, "for many of those Mexicans that they were deprived of this liquor. It will be remembered what a terrible calamity overtook a Mexican through the influence of a wine-drinking party last summer, when a shooting affray arose out of that drinking bout. That man is still unable to walk and will never be the man he was, if indeed he is ever able again to earn his own living.

"Most of that liquor which you have seen poured out today was destined to be sold illicitly in Glendale. it can easily be seen that no common Mexican would be taking home for his own consumption 5 gallons of whiskey of the very lowest grade. There was enough poison in that demijohn to account for the origin of a dozen crimes.

"One reason that Glendale is comparatively free from crimes of the worst kind is that it is a "temperance" or "dry" town. If the conditions that prevail here now should ever be changed one might expect to see a sudden and extraordinary increase in the criminal record at police headquarters. It is a good thing it is so."

INSTALLATION OF OFFICERS

Miss Fredonia Borthick, worthy matron, presiding, will install the 1916 officers of Glen Eyrie chapter of the Eastern Star on Thursday evening, December 16th, at 8 o'clock, in the Masonic hall.

All eastern star members of the valley will be extended a cordial welcome.

WEATHER FORECAST—Fair tonight and Thursday; continued cool; heavy frost Thursday morning; northwest winds veering to northeast.

SCHOOL AND CAMPUS

GERMAN STUDENTS FORM SOCIETY—CHRISTMAS CHARITY PLANS—"B AND R" DISCUSSION

On Thursday of next week all German students in the High School will participate in a Christmas party. Besides a Christmas tree there will be a program, games and refreshments. This party will be open to the beginning students as well as to the advanced.

Last Friday "Der Deutsche Verein," which consists of members of the senior German class, enjoyed a program during the fifth period. The main feature of the meeting was the impressive inaugural address, which was given in German by Herr Colby, the newly elected president. Herr Maier also contributed to the program.

Special Assembly

At 1:40 yesterday afternoon a special assembly was called. The main business and the object of the assembly was to bring before the students a plan which has received much favorable discussion for the past two weeks. The object of the plan is to bring Christmas cheer to many unfortunate families by donating food supplies, clothing and other necessities.

Mr. Howe spoke to the students, giving several suggestions about useful donations. He said that there are many things which would bring a great deal of happiness to the children at various orphan asylums and at the children's hospital. These children, through the kindness of some, are furnished with the bare necessities of life, but they are not furnished with toys and other luxuries in which children of even the poorest families delight. It is the simplest matter on earth to make children happy and it is still easier to bring happiness to children who are accustomed to no luxuries whatever. Then, too, there are older people at the county hospital who enjoy magazines and other things to occupy their time. Last of all, there are many families in Glendale and still more in Los Angeles who actually lack sufficient clothing. Most of these are worthy people and deserve help.

The High School people are very enthusiastic about their plan and hope to accomplish many things during the Christmas season. They hope to make their student body organization help in matters outside of the school and to make it stand for something worth while.

Seniors Take Banners

At the last Student Body meeting the Scholarship banner, the Basket-ball banner and the Debating banner, which has the 1916 numerals on for the past two years, were presented to William Renshaw, president of the Senior class. The scholarship banner was presented by Miss Flood, the Basket-ball banner by Mr. Wight and the Debating banner by Mr. Root. The Seniors came into the auditorium a little late and with their class colors very much in evidence. Of course no one can fail to see what an all-around championship class 1916 is, but the good old Seniors tell us that they won't get a bit swell-headed about it, even if they win the Faries' cup and the oratorical contest. The Juniors, however, have thought so much about winning honors that they have fairly convinced themselves that they will win the Faries' cup. Perhaps if they try hard enough they may convince the Scrubs, too.

Soph Dance a Success

The Sophomores are to be congratulated upon having such a well attended dance last Friday night. The Sophs did not plan to make money on the affair, so only charged fifty cents a couple. They came out six dollars to the good. The Junior dance will take place on New Year's eve at the Masonic hall. We hope the Juniors will have as well attended and as jolly a dance as the Sophs had.

"B and R"

Herbert Scheuner made the great revelation before the students last Friday concerning the mysterious letters "B and R." They stand for "Black and Red," which is the name of a proposed school newspaper to be published by the Student Body. The anti B and R people are very strong and the arguments on both sides are quite reasonable. The opponents of the measure claim that the "Black and Red" would live the same life and die the same death that "The Spectator" did over a year ago. They also claim that the publishing of a school weekly would be impracticable since a course in journalism is not given in the school and since the printing could not be done at the school. They also say that in a school the size of Glendale High there is not enough news to fill a

DEMAND FOR RURAL CREDITS

At the Southern Commercial Congress held in Charleston, S. C., the other day, rural credit and marketing experts stated that nine billion dollars was the price American farmers got for their crops every year. It was stated also at the same time that enough is added to that price by the middleman to make the consumer pay for the same crop twenty-seven billion dollars. Members of the congress were told by speakers favoring rural credits that the farmer gets thirty-five cents and the middleman 65 cents of each dollar the consumer pays for the farmer's crops. It was also shown that there is an enormous amount of waste, especially in perishable products, because of the lack of a central, directing market intelligence.

Experts who had studied carefully the details of rural credits as worked in other countries and especially in Germany, gave their strong support to the establishment of a just and equitable system of credit throughout the country. The department of agriculture, it was stated, was now broadening and extending its studies of this subject and might be depended on to formulate a system that would be adapted, or rather could be adapted, to the varying needs of different sections of the country.

The matter of preparing a rural credits bill is now in the hands of a joint committee of House and the Senate and suggestions are being received from many different quarters as to the best methods of dealing with the subject. The problem is excessively complex and there is no simple solution of it.

All this time state departments of agriculture, land-grant colleges and the United States Department of Agriculture are all contributing to the solution of this problem. Further federal legislation, such as the cotton standards act, a grain-grades bill, a permissive warehouse law and proposals for the improvement of marketing conditions also will aid directly in solving it.

In addition the experts recommended that legislation should be inaugurated by the different states permitting the creation of personal credit unions and removing any obstacles that may exist to the easier and more orderly handling of farm finance. The States Relations Service, which has general charge of the department's business with the State agricultural colleges and experiment stations, was organized during the past year and has also been working hard on this problem of rural credits. This service also administers the co-operative agricultural extension act of May 8, 1914.

It is the case that much is being done on all sides to create the machinery necessary for carrying out the provisions of the act and the result may be expected to be favorable. It is true that in California the people voted down the proposal for a consideration of rural credits that, however, was a mere political accident. Rural credits went down along with a great many other proposals of the present government because the time was not propitious for such legislation. At the right time and in the right hands there should be no difficulty in carrying such a measure dealing with rural credits as will make the farmer his own master; enable him to hold on to his crops and not be forced to sell them to the middleman at a ruinous price; also to extricate himself from the entanglements into which the middleman has gradually led him. Such a measure would do more for prosperity than anything else.

Farmers are part and parcel of the body economic. If by reason of wrongful economic methods the individual farmer is closed out, the ruin of the country's agriculture may easily be foreseen. The farmer needs encouragement and aid and if the state or the national government can help him to it the result will be a wonderful increase in the country's production and consequently in the country's wealth.

BOARD OF TRUSTEES

(Continued from page one)

The matter of Mr. Bullock's application for a dairy permit in Verdugo Canyon was brought up again, Mr. Bullock addressing the Board in reference to the same. After considerable discussion, on motion of Trustee Thompson, the permit was denied.

Mr. Bullock then stated that the tin can deposits on the city dump in the canyon are so placed that they are a detriment to the water supply and constituted a nuisance. On motion of Trustee Williams, the City Manager was instructed to look after the matter at once.

The City Manager made a report in regard to a repair kettle to cost the sum of $295.00 and small roller at about $60.00 with pump and spreading outfit at Sixty Dollars additional, recommending the purchase of the same.

Upon motion of Trustee Grist, the City Manager was instructed to make the purchases at a price not to exceed the figures named above.

The City Manager presented a deed for Lots A, B, and C and a portion of Lot D in Tract Number 1026, signed by the Title Abstract and Trust company. Upon motion the deed was ordered to be accepted under the condition that all taxes be paid and certificates of title furnished.

The City Manager made a report in reference to bids for printing of the annual report previously referred to him, recommending that the bid be awarded to the Glendale News. The recommendation was adopted.

The manager of the Public Service department made a report in regard to the State Insurance Compensation. During the past six months this insurance has cost his department the sum of $629.98 and the insurance department has paid out to employes injured while in the employ of the city $76.79, while at the same time one of the injured men had lots $92.71 in wages and a doctor's bill of $25.00, neither of which was allowed to him by the insurance department.

Upon motion of Trustee Williams, the manager of the Public Service Department was requested to bring a written recommendation at the next meeting in regard to the matter.

The demands previously referred to the Finance Committee were returned from that committee approved and warrants ordered to be drawn in payment of the same:

J. A. Stone	$175.00
E. D. Yard	88.21
C. E. Parker	5.00
J. C. Sherer	38.50
Glendale-Tropico Poultry & Pet Stock Assn	50.00

Upon the statement of the manager of the Public Service department of the needs of the department, the city clerk was authorized to advertise for a supply of wire.

Upon motion of Trustee Tower, the Public Service Department was authorized to pay one half of the cost of a certificate of title to be furnished by the Verdugo Pipe and Reservoir company.

Upon motion of Trustee Williams, the ordinance for the opening and widening of Sycamore Canyon road was ordered to be taken up for the third and final reading, and upon being read was declared read for the third time, and was adopted.

GIVE THIS YOUR THOUGHT

"I beseech you therefore, brethren, by the mercies of God, that ye present your bodies a living sacrifice, holy, acceptable unto God, which is your reasonable service." This was the text of Eddie Young's splendid sermon last night at the Congregational church. How many people in Glendale are offering to their Maker a reasonable service? Are you doing all you can to repay God for the wonderful things he has done for you? Come to the Congregational church tonight at 7:45 and join in the service of song and hear the message from Eddie Young, the powerful evangelist, who will give you the help you need in your efforts to live a better life.

A person's intentions should be counted for good or evil as much as his doing good or evil.

Time is worth cash value—so the shrewd business men has decided. It is a mistaken idea in the minds of many people that time does not represent a cash value. From the time a young man or a young woman reaches the age of being able to do physical or mental labor time is valuable to those persons.

FLOWERS FOR THE CITY

Editor Glendale Evening News:—In your worthy Evening News of December 13 I read an article with headline, "Flowers for the City," by Mrs. Nanno Woods as to the flower box I made for the City Fire House some two years ago. Mrs. Woods wants to know if I am the only man in Glendale with sufficient initiative to do something along that line? I hope this will not be so; it is easy to build a window box and the expense is small. There are plenty of pink or crimson ivy geraniums and ferns to be had in this beautiful city of Glendale. I would like to see every business man in Glendale have a flower box in front of his store window. It would be a credit to his business and to himself.

I bought enough red wood lumber to build a window flower box 8 feet long and ten inches deep and ten inches wide for 65c. It is not necessary to build a very expensive box as flowers and ferns cover the box in a short time.

I am handy with the hammer and saw. I have some spare time and a large yard in the rear of my office. I will make an offer to any merchant in this city: If he will furnish me with the material for flower boxes to be placed in front of his store window I will make them for him free of charge. As to labor, I will see our city manager as to hauling some good leaf soil to be placed in the window boxes with the street department's wagon. Mrs. Nanno Woods, the president of the Glendale Garden society, will furnish me with all the pink or crimson ivy geraniums and ferns. There is no better time than now to place these flower boxes in our business district as the tourists are coming to spend the winter in our land of sunshine. I would like all the assistance I can from the business men in this movement of "Flowers for the City."

four-page paper. Then, too, they claim that if a paper should be published weekly it would very likely use all the jokes, cartoons, snapshots and stories obtainable. It stands to reason then that the "Stylus," the yearly publication, would either be forced to retire or would become such a slim book that it would be no credit to Glendale.

If the measure is brought up before the student body in the form of a bill, the discussion can take place for the benefit of all. It is hoped that no one will vote on the question without considering the matter carefully.

Another matter of importance is a bill which has already passed the senate. It will be brought before the House at the next student body meeting. It provides for the designing of a permanent cover for the Stylus, which shall be worked out in the school colors, Black and Red. Heretofore Stylus covers have been designed in the colors of the class which publishes it. The idea of the originators of the bill is to have an annual which by the cover may be recognized as the Glendale Year Book.

Burbank's Defeat

Yesterday afternoon Burbank lost to the local basketball team. Those representing Glendale were M. Powers, T. Shea and T. Phillips, forwards; O. Williams, center; M. Farncy and W. Renshaw, guards. D. Barager and E. Boss, who were students of Glendale High last year, played on the Burbank team.

IN HOLIDAY COLORS

Mrs. Arthur B. Rosecranz, visiting from Chicago and talented sister of Mrs. J. F. Hearnshaw, furnished the inspiration for the jolly cafeteria luncheon with which Mrs. Hearnshaw entertained fifteen ladies at high noon at her Lomita avenue home.

The house was done entirely in pepper tree boughs and foliage. During the afternoon hours both Mr. and Mrs. Rosecranz gave several vocal selections, these being greatly enjoyed, as Mr. Rosecranz possesses a beautiful mellow baritone and his wife a mezzo soprano of exceptional sweetness. This talented couple are widely known farther east and are indeed an asset to our winter colony of music lovers and musicians.

EAGLE ROCK

Edwards and Wildey, who recently opened the new tract on East Sycamore avenue have begun the erection of a new bungalow on the south side and this one will soon be followed by others. They aim to build ten houses on this tract. Evidently times for them are not so hard as is the case with most of us.

Mr. Harden of Arizona is here to spend the holidays with his family, who reside on North Kenilworth avenue.

Mrs. Minnie Goodwin of Los Angeles was in town Sunday visiting friends. She with her mother and sister formerly occupied the house on Kenilworth avenue now occupied by the Harden people.

A large apartment house is being erected on North Highland avenue by a certain party from Los Angeles.

Mr. Sanderson and family of Kenilworth avenue spent a week ago Sunday with his daughter, Mrs. Galpin and family of Santa Ana.

Miss Mildred Mason of Lawrence avenue pleasantly entertained a number of her school friends last Saturday evening at her home. Dancing was enjoyed most of the evening while games and music had an important part in the evening's amusements. Dainty refreshments were served by the hostess.

Mr. Creago's two novel bungalows on Myrtle avenue, near Central, are almost completed.

A. A. House of Palm street was called to Los Angeles Monday evening by the quite serious illness of his mother, who is under the care of Dr. Dunning of this city.

COAST BUSINESS CONDITIONS GOOD

Says Prosperity Is on its Way to Far West and Comments on Galveston and Houston Spirit

"No slump in business conditions is anticipated on the coast with the closing of the fairs at San Francisco and San Diego," says Mr. George C. Hubbs, assistant general sales manager of Dodge Brothers, Detroit. Mr. Hubbs has just returned from a six weeks' trip which has covered practically the entire west.

"The motor car business has enjoyed continued prosperity this year," added Mr. Hubbs, "and there is every indication that this condition is to maintain. Business generally is picking up. San Francisco will hardly be affected at all by the closing of the fair. The fair is really but an incident to the city.

"Farther south in California, the people are certain that the San Diego fair is going to result in many people moving to that section. The San Diego fair, as you know, is almost etirely local. It was conceived with the idea of bringing to the attention of the public the possibilities of Southern California and this it has done in a wonderful manner. The ground on which it stands was only sage brush land when the fair was laid out, but today it blooms like a tropical garden.

"Things in the Pacific Northwest have not been as prosperous as farther down the coast because of the falling off of the lumber export business owing to the war. But everyone is looking forward to the great boom that will come with the end of the conflict in Europe.

"In the west generally matters are in better shape than they have been and this is true also of the south, although I was in but a few points in that section. One thing that impressed me in the gulf country was the marvelous spirit shown by the people of Galveston and Houston. Undaunted by the second flood, the cities are going ahead repairing millions of dollars of damage and are building for the future with a spirit and a confidence that is magnificent."

ANOINTING WITH OIL AT THE FIRST BAPTIST CHURCH

Why the Baptist church does not practice the Jewish rite of anointing with oil will be made clear in the study of the book of James at the service this evening. Divine healers are becoming a menace to the modern church. Their revelations and confusion of tongues have led thousands into the wildest fanaticism and mental suicide. Sane Bible teaching is the need of the hour. A Christian doctor is as much a servant of God as the minister of the gospel. God has given mankind food, medicine and science for the body as surely as he has given heavenly thoughts for the mind. More young lives are being lost in premature death by modern divine hea[illegible] ever be saved [illegible] extreme applic[illegible] mind.
